## Driving Digital Health Transformation – Insights from the HIMSS European Projects Insight Report 2025

11 DECEMBER 2025, 14.00–15.30 CET, BRUSSELS TIME

**HIMSS™**

Dear colleague,

We invite you to join this #EUHPP Live Webinar co-organised with Healthcare Information and Management Systems Society (HIMSS).

European projects are essential drivers of healthcare transformation across EU Member States.

The HIMSS European Projects Initiative was established to support and amplify the impact of EU-funded projects and in 2025 has brought together twelve projects and a highly engaged, multi-stakeholder Advisory Board who contributed more than 160 recommendations to foster collaboration and long-term sustainability.

In this webinar, HIMSS, representatives from EU-funded consortia, Advisory Board members will present one of the outcomes of this Initiative, the European Projects Insight Report 2025. The report reflects on recommendations and insights from the Advisory Board, alongside lessons learned from open discussion under the theme “Value Co-creation in Healthcare”. The report highlights common challenges, strategic directions, and emerging opportunities for scaling innovation across Europe.
